

REMARKS

Claims 1-14 are in the case; of these, Claims 1 and 14 are in independent form.

The examiner's observations respecting the lack of receipt of the Rule 132 documents is noted and appreciated.

Submitted herewith as an appendix are the Rule 132 documents. These attachments include the following:

1. Copy of the Employment Contract;
2. Copy of the USPTO Notice of Recordation of Assignment of the present invention application from Sima Khan, the inventor, to Davox Corporation;
3. Copy of Certificate of Name Change;
4. Copy of the USPTO Notice of Recordation of Assignment of the present invention application from Davox Corporation to Concerto Software, Inc.;
5. Copy of the USPTO Notice of Recordation of Assignment of the present invention application from B. Scott Smith to Davox Corporation.

Since the examiner has indicated independent Claim 14 allowable, and because independent Claim 1 is now believed to be allowable for the reasons previously stated along with the Rule 132 declaration presented by amendment dated April 10, 2004, the

instant amendment places the entire case in allowable condition so that its entry at this time is considered proper. Since the independent Claims are allowable, further discussion thereof, and of the dependent Claims 2-13, is rendered moot.

Reconsideration, re-examination and early allowance of Claims 1-14 are accordingly respectfully requested.

The examiner is invited to telephone the undersigned, applicant's attorney of record, to facilitate advancement of the present application.

Respectfully submitted,

Saima Khan

EMPLOYEE AGREEMENT

In consideration of my employment by Davox Corporation, a Delaware Corporation (the CORPORATION), I hereby agree as follow:

1. I will make full and prompt disclosure to the CORPORATION of all inventions, improvements, modifications, discoveries, and developments (all of which are collectively termed "developments" hereinafter), whether patentable or not made or conceived during normal working hours or on the premises of the CORPORATION.
2. Upon request of the CORPORATION, I agree to assign to the CORPORATION all developments covered by paragraph 1 and any patents or patent applications covering such developments and to execute and deliver such assignments, applications for letters patent and other documents for use in any and all countries whatsoever as the CORPORATION may direct and to cooperate fully with the CORPORATION in prosecuting such applications and in otherwise securing to the CORPORATION full protection of the same. I understand that after I formally disclose a development under procedures instituted by the CORPORATION, the CORPORATION may decide that it is not interested in exploiting the development and in such case it may release the development to me outright or grant me such lesser rights in the development as it may decide.
3. I will also assign to the CORPORATION any and all copyrights to any material prepared by me in connection my said employment.
4. During the course of my employment by the CORPORATION, I may learn of confidential information relating to the CORPORATION. Confidential information includes matters not generally known outside the CORPORATION, such as various developments, inventions, improvements, methods, etc., relating to the products and services marketed or used by the CORPORATION, and also general business operations of the CORPORATION (e.g., relating to the sales, costs, profits, organization, customer lists, pricing methods, etc.). I agree not to disclose any confidential information to others or to make use of it, either during or after my employment by the CORPORATION, whether or not such information is produced by my own efforts, except as expressly permitted in writing by the CORPORATION. Also, I may learn of apparatus, methods, ways of business, etc. which in themselves are generally known, and I agree not to disclose to others such use, either during or after my employment by the CORPORATION, whether or not such use is due to my own efforts.
5. At the time I begin my employment with the CORPORATION I will not be employed by or acting on behalf of any other person, corporation or firm, unless such employment has been approved by the CORPORATION in writing and signed by an officer of the CORPORATION.

6. During the term of my employment by the CORPORATION I will not become employed by or act on behalf of any other person, corporation or firm, which is engaged in any business or activity similar to or competitive with that of the CORPORATION, unless such employment has been approved by the CORPORATION in writing and signed by an officer of the CORPORATION.
7. In the event that my employment is transferred by the CORPORATION to a subsidiary (wholly or majority owned) or a sister corporation (as the case may be), the terms of the agreement shall, so long as I am so employed, remain in full force and effect. In addition, I agree to be bound by the provisions of any standard agreement, substantially similar in substance to this agreement, then in force in any such corporation for which I am then employed. If there is a direct conflict between any provision of the agreement then in force with the corporation for which I am then employed, the later shall govern.
8. I hereby give Davox Corporation and it's assigns permission to use photographs of me, with or without using my name, for whatever purpose it deems necessary.
9. My obligation under the Agreement shall survive the termination of my employment regardless of the manner of such termination, and shall be binding upon my heirs, executors and administrators.
